ment thereon. I trust my action will meet with your approval.

If the line be drawn east and west at the distance of 28 chains from the northerly boundary, it will leave as nearly as possible 160 acres in lot 64 and also about 170 acres in lot 63. This will leave a nice lot, both in area and shape, in the rear to be obtained by somebody else, and I would suggest that the line be laid down at this distance. The Topographical branch of your Department will be able to take out the areas exactly after laying down the line at the point indicated.

Calgary, 13th October 1891.

LETTER No. 6499.
REFERENCE No. 6527.

Sir,

If you will turn up the map of St Albert, at least that portion surveyed by Mr MacArthur, you will perceive that lots 63 (Francois Beaudry) and 64(Narcisse Bellerose) contain considerably more than 160 acres, viz, 208 and 227 respectively. The parties who are settled on these lots claim that they do not desire more than 160 acres, and ask to be relieved of all in excess of that, wishing to take their 160 acres off the south end of the lot. The rear of these lots is as good land as the front, probably better, and the settlers thereon being of a class who will probably never pay for the excess over 160 acres I have decided to accede to their request and have instructed the Agent accordingly, he , however, to endorse across the face of the receipt the conditions on which it was granted, viz, that the rear line of the claims should be an east and west line, the same to be run on as to give an area of 160 acres as nearly as possible. If by that the area of one of the lots should be reduced below 160 acres, the entrant would have to be contend with the reduced area; if either should be slightly in excess of that area the entrant to pay for the excess at the regulation price in force at the date of settle-

E. Lemille, Esq.,
Surveyor-General.

In Reply I am requested in his letter of the 13 instant, that Lots Nos 62 and 63 Island Saddleback, the survey whereof is made by Inr. I am further to be furnished drawings on each 160 acres in the form of those he already has drawn from East to West at the distance of 25 chains from the Easterly boundary, it will leave as nearly as possible 160 acres in Lot 64, and about 170 acres acres in Lot 63.

Will you kindly have this done so that the exact area of the different sections may be known.

Please fill in enclosed herewith.

MEMORANDUM.

Mr.Pearce has requested in his letter of the 13th instant that Lots Nos.63 and 64 St. Albert Settlement, the survey of which was made by Mr.MacArthur, D.L.S., be divided shewing an area 160 acres in the front portion of them. He appears to think that if the line be drawn from East to West at the distance of 25 chains from the Northerly boundary, it will leave as nearly as possible 160 acres in lot 64, and about 170 acres in lot 63.

Sir,

With reference to your letter of the 13th ultimo, suggesting that 25 chains in depth be cut off from Lots Nos. 63 and 64 in the extension of St. Albert Settlement as the occupants of those two Lots are not disposed to pay for the land in excess of the 160 acres granted them as homesteads, which 25 chains can be thrown open to be granted as a homestead entry, I am directed to inform you that the Surveyor General has laid off the 25 chains in question as shown on the sketch herewith, by which you will see that the portion of Lot No. 64 now occupied contains but 159 acres and Lot 63 167 acres. If you consider that this subdivision is what is required you may instruct the Agent to throw the rear portion open for entry.

The excess over 160 acres in this portion, viz, 10 acres, to be $300 per acre. 160 acres as a homestead.

I presume the excess in Lot 63, viz, 7 acres, will be $2.00 per acre

What is the practice of your office: Is the excess paid for at date of entry or when patent is applied for?

Sir:

Re: Fiats for Patent on St. Albert Settlement.

A number of fiats in the St. Albert settlement appear not to have been received from Ottawa at the time the fiats covering patents in Alberta were turned over to this Department following the transfer of the natural resources.

Will you kindly supply us with copies of the fiats for patent covering the following parcels:

1. The Northerly 25 chains of River Lot No. 64 in the extension of St. Albert Settlement.

2. River Lot No. 63 in the extension of St. Albert Settlement.

3. River Lot No. 40 in the St. Albert Settlement.

I believe that this would involve at least four different fiats as two patents appear to have been issued on River Lot No. 40 and two on River Lot No. 63. The Northerly portion in River Lot No. 64 would be included on the fiat covering the Northerly portion of River Lot No. 63.

I am particularly interested in the disposition of the timber rights in these lands.

An early reply will be very much appreciated.

MR TURNER

Ottawa, 13th May, 1944.

E. C. L. Adams, Esq., Private Secretary to the Minister of Trade and Commerce, Ottawa.

Referring to your memorandum of the 10th instant enclosing copy of a letter dated the 8th idem addressed to your Minister by Mr. Geo. H. Ryen of Edmonton, I may say that a careful search has been made of the records pertaining to River Lot 40 and the southerly portion of River Lot 63, St. Albert Settlement, and our findings are set out hereunder.

River Lot 40. The whole of this lot, comprising 280 acres more or less, excepting the mines and minerals therein, was patented as a first and second homestead to Antoine Blandion on the 23rd September, 1908. Entry for the first homestead, covering 160 acres, was made on the 3rd August, 1895, while entry for the second homestead, covering the remaining 120 acres in the river lot, was obtained on the 9th September, 1898. These 120 acres were originally entered for by Mr. Blandion as a pre-emption at the same time he entered for his first homestead, that is on the 3rd August, 1895. On the 9th September, 1898, he applied his right of second homestead entry to the 120 acres. The records disclose that Mr. Blandion took possession of this river lot and commenced residence thereon in 1878, that is some seven years before obtaining his entries.

Southerly portion of River Lot 63. This property including the mines and minerals, comprising 167 acres more or less, was patented as a homestead and parish sale to Francois Boudreau on the 24th February, 1875. Entry for the land was made on the 7th October, 1871. The homestead in this instance covered 160 acres and the parish sale the remaining 7 acres. According to the records here Mr. Boudreau took possession of this property and commenced residence thereon in the year 1883.

(over)

There is nothing on our departmental file to explain why the mines and minerals were excepted in the grant of River Lot 46, the whole of which, as has been seen, was originally entered for in 1905 and was first occupied by the homesteader in 1908. The records available here do not disclose that any disposal was made of the mines and minerals either before or after Mr. Blandion entered for the land. The date of entry or the date on which the grantee acquired a right in the land was the date which governed in determining whether the mines and minerals should be included or excepted in the letters patent. Persons who had acquired a right in lands in the territory now comprising the Province of Alberta prior to the 31st October, 1887, were ordinarily entitled to have the mines and minerals included in their grants. Any interest of the Dominion in the mines and minerals in this lot passed to the control of the Province of Alberta in 1930 by virtue of the provisions of the Natural Resources Transfer Agreement. Accordingly, if the present owner of the lot considers that he has a claim to the mines and minerals as successor in title to the original settler the claim would be a matter for the consideration of the Department of Lands and Mines, Edmonton.

Director.

Dear Sir,

Referring further to your letter of the 10th ultimo, in the matter of the application of Mr. A. Arcand to acquire a portion of Lot 40 in the settlement of St. Albert, I am now advised by the Agent that Mr. Antoine Plandion, the owner of the remainder of the Lot, has applied his right of second homestead entry to the portion which Mr. Arcand was desirous of securing. As you are aware, this land was the preemption of Mr. Plandion, and as he was entitled to make a second entry, he has exercised his right in connection with it. I regret therefore that there is no way in which Mr. Arcand could acquire the land in question.

Sir;-

I beg to enclose the Homestead Inspectors Report in reply to H.O. letter of the 19th of February last, file 375624.

Antoin Blandiou is a half breed with no education but a good man and I am well satisfied any defence he may have given to an application to cancel his place if poorly given was due entirely to his ignorance of what to say in the matter

I would therefore recommend that his case be considered favorably.

It would appear from the Inspector's report that the homesteader may have fulfilled the duties, and in this event he should make application for patent at the expiration of three years, which will probably be in September next. DOMINION LANDS OFFICE,

Edmonton, August 6th, 1902

Sir;-

Re H.O. letter of the 26th of July last, file 375624. I beg to say that by our records Antoine Blandion made homestead entry for ~~R~~ 160 acres of River Lot 40 St. Albert on the 3rd of August 1885. That on the 24th Janly 1896, Wpg file 347578 Mr. Blandion was notified that certificate of Recommendation was issued ~~th~~ for this 160 acres. That by H.O. letter of the 1st of June 1896, file 375624 ~~to~~ this office was notified as follows;- "As it is not known what portion of the lot is occupied by his homestead, a patent will not issue until he has paid for the balance of the lot, when a patent can then be prepared for the full area occupied by the lot."

It would appear that instead of paying for the balance of the River Lot , 120 acres, he entered for it as a 2nd homestead on the 9th of Sept 1898 for which 2nd homestead he is now making application for Patent.

As the whole River Lot contains 280 acres I suppose Patent will issue for the whole River Lot To Mr. Blandion. I am not able to give what part of the River Lot is included in his 1st Homestead entry 160 acres and what part is included in his 2nd Homestead Entry, 120 acres, but trust the above information will ~~be~~ be sufficient.

Sir,

Re Fiats for Patent on St.Albert Settlement.

A number of fiats in the St.Albert settlement appear not to have been received from Ottawa at the time the fiats covering patents in Alberta were turned over to this Department following the transfer of the natural resources.

Will you kindly supply us with copies of the fiats for patent covering the following parcels:

1. The Northerly 25 chains of River Lot No. 64 in the extension of St.Albert Settlement.

2. River Lot No. 63 in the extension of St.Albert Settlement.

3. River Lot No. 40 in the St.Albert Settlement.

I believe that this would involve at least four different fiats as two patents appear to have been issued on River Lot No. 40 and two on River Lot No. 63. The Northerly portion in River Lot No. 64 would be included on the fiat covering the Northerly portion of River Lot No. 63.

I am particularly interested in the disposition of the underrights in these lands.

Dear Sir,

re River lot 40,St.Albert Settlement, Alberta.

I have your letter of the 5th instant requesting to be furnished with a history of the various dispositions made of this lot and the mines and minerals therein.

The records here disclose that the whole of this lot, comprising 280 acres more or less, excepting the mines and minerals therein, was patented as a first and second homestead to Antoine Blandion on the 23rd September,1903. Entry for the first homestead, covering 160 acres, was made on the 3rd August,1885, while entry for the second homestead, covering the remaining 120 acres in the river lot, was obtained on the 9th September,1898. These 120 acres were originally entered for by Mr.Blandion as a pre-emption at the same time he entered for his first homestead, that is on the 3rd August, 1885. On the 9th September,1898, he applied his right of second homestead to the 120 acres. The records disclose that Mr.Blandion took possession of this river lot and commenced residence thereon in 1878. The records available here do not show that any disposal was made of the mines and minerals in the lot either before or after Mr.Blandion entered for the land. Any interest of the Dominion in these mines and minerals passed to the control of the Province of Alberta in 1930 by virtue of the provisions of the Natural Resources Transfer Agreement.

Dear Sir:

Re: River Lot 40, St. Albert Settlement, Alberta.

We acknowledge yours of the 10th instant.

Our understanding is that in any case where homestead entry was made prior to 1887 minerals passed with the land.

If we are correct in this assumption, it seems to us that Mr. Blandion's patent, so far as his homestead is concerned, should carry with it the mines and minerals, although the patent in this case with respect to the entire river lot reserves to the Crown the mines and minerals.

It seems to us that perhaps there was an error made at the time the patent issued and we would appreciate it if you would let us have your comments on this question. We would also greatly appreciate it if you could refer us to the Statutes or Orders in Council dealing with this question of the reservation of mines and minerals on homestead land.

The Province has, of course, no record of anything that occurred prior to the transfer of the resources to Alberta and cannot give us any assistance in this respect.

Gentlemen,

Re Mine Lot 41, St. Albert Settlement.

Referring to your letter of the 19th ultimo on the subject of the mines and minerals in the above mentioned lot, I may say that, inasmuch as any interest of the Dominion in these properties ceased to be control of the province with the transfer of the natural resources in 1930, it is considered that any further information in this regard could properly be furnished by the Department of Lands and Mines, Edmonton. Accordingly we have forwarded our departmental file to the provincial Department in order that it may be in possession of full information on the subject.

Dear Sir,

In view of your recent letter

This matter relates to your letter of the 7th ultimo, file [illegible], and 375d 4 L.L., I may say that we recently had an exchange of correspondence with Mr. [illegible], Barrister, Edmonton, who appears to be the owner, particularly with regard to the [illegible] thereon. We are now in receipt of a further communication from him on the subject, and, inasmuch as any interest of the Indians in the mines and minerals in this lot passed to the owner of the riverbed in lieu of the reserve in virtue of the provisions of the Natural Resources Transfer Agreement, it is thought that your Department would prefer to deal with Mr. [illegible]'s further questions. In order that you may have all available information before you when dealing with the case, we are forwarding to you on loan through our Edmonton representative, Mr. J. Allan, 9401 Jasper Avenue, our departmental file No. 375d61, on the understanding that it will be returned here after it has served your purpose.

The particulars with respect to the lot in question are set out in a copy of a letter on file dated the [illegible] addressed to Mr. [illegible]. It may be added that [illegible] in Council, P.C. 1878, dated the 31st October, 1894, covering the reservations to be made in patents for lands in the Dominion Territories situate west of the Third [illegible]. Dear Jim:

I hope this finds [illegible] well and that [illegible] helping hand to a needy friend.

We are in a little difficulty at the present time and require your assistance in locating some land-title records in Ottawa, as they are not available here. I wonder if you could send me if you possible can to obtain a complete [illegible] record on:

River Lot 4[illegible], Geo. H. R[illegible], St. Albert Settlement, Township 54, Range 25, West of the 4th Meridian.

South half of River Lot [illegible], Seth H. R[illegible], St. Albert Settlement, Township 54, Range 25, West of the 4th Meridian;

also find out whether or not the coal & (or) mineral rights belong with either or both of these River Lots, and if not, why not, as I have every reason to believe they do, because there [illegible] were settled prior to the year 1884 and I believe that mineral and coal rights were included at that time.

The reason for this urgent request is that a coal company are already drilling tests on this property, and intend to start [illegible] immediately. I have no trace of coal rights in my [illegible] and therefore this information would be of the greatest value to me.

Hoping that this will not cause you a great [illegible] of time, Jim, as I know you are busy.

Yours sincerely,

DEPARTMENT OF
TRADE AND COMMERCE

Ottawa, 15th May, 1944.

A. C. L. Adams, Esq., Private Secretary to the Minister of Trade and Commerce,
Ottawa.

Referring to your memorandum of the 10th instant enclosing copy of a letter dated the 8th idem addressed to your Minister by Mr. Geo. H. Ryan of Edmonton, I may say that a careful search has been made of the records pertaining to River Lot 40 and the southerly portion of River Lot 63, St. Albert Settlement, and our findings are set out hereunder.

River Lot 40. The whole of this lot, comprising 280 acres more or less, excepting the mines and minerals therein, was patented as a first and second homestead to Antoine Blandion on the 23rd September, 1902. Entry for the first homestead, covering 160 acres, was made on the 3rd August, 1885, while entry for the second homestead, covering the remaining 120 acres in the river lot, was obtained on the 9th September, 1898. These 120 acres were originally entered for by Mr. Blandion as a pre-emption at the same time he entered for his first homestead, that is on the 3rd August, 1885. On the 9th September, 1898, he applied his right of second homestead entry to the 120 acres. The records disclose that Mr. Blandion took possession of this river lot and commenced residence thereon in 1878, that is some seven years before obtaining his entries.

Southerly portion of River Lot 63. This property including the mines and minerals, comprising 167 acres more or less, was patented as a homestead and parish sale to Francois Boudreau on the 24th February, 1893. Entry for the land was made on the 7th October, 1891. The homestead in this instance covered 160 acres and the parish sale the remaining 7 acres. According to the records here Mr. Boudreau took possession of this property and commenced residence thereon in the year 1883.

(over)

There is nothing on our departmental file to explain why the mines and minerals were excepted in the grant of River Lot 40, the whole of which, as has been seen, was originally entered for in 1885 and was first occupied by the homesteader in 1878. The records available here do not disclose that any disposal was made of the mines and minerals either before or after Mr. Blandion entered for the land. The date of entry or the date on which the grantee acquired a right in the land was the date which governed in determining whether the mines and minerals should be included or excepted in the letters patent. Persons who had acquired a right in lands in the territory now comprising the Province of Alberta prior to the 31st October, 1887, were ordinarily entitled to have the mines and minerals included in their grants. Any interest of the Dominion in the mines and minerals in this lot passed to the control of the Province of Alberta in 1930 by virtue of the provisions of the Natural Resources Transfer Agreement. Accordingly, if the present owner of the lot considers that he has a claim to the mines and minerals as successor in title to the original settler the claim would be a matter for the consideration of the Department of Lands and Mines, Edmonton.

LAND REGISTRY

FILE 375624

Mr.Gibson,

Re River Lot 40,St.Albert Settlement, Alberta, comprising 280 acres more or less.

I submit the attached letter of the 19th instant from Mr.G.M.Auxier, Barrister, Edmonton, with respect to the mines and minerals in the above mentioned lot. As will be observed, we wrote Mr.Auxier in this matter on the 15th instant.

The whole of this lot, comprising 280 acres more or less, excepting the mines and minerals therein, was patented as a first and second homestead to Antoine Blandion on the 23rd September,1902. Entry for the first homestead, covering 160 acres, was made on the 3rd August,1885, while entry for the second homestead, covering the remaining 120 acres in the river lot, was obtained on the 9th September,1898. These 120 acres were originally entered for by Mr.Blandion as a pre-emption at the same time he entered for his first homestead, that is on the 3rd August,1885. On the 9th September,1898, he applied his right of second homestead to the 120 acres. The records disclose that Mr.Blandion took possession of this river lot and commenced residence thereon in 1878. The records available here do not show that any disposal was made of the mines and minerals in the lot either before or after Mr.Blandion entered for the land. Any interest of the Dominion in these mines and minerals passed to the control of the Province of Alberta in 1930 by virtue of the provisions of the Natural Resources Transfer Agreement.

Mr.Auxier is under the impression that it was due to an error that the mines and minerals were excepted in the patent in this case, at least in so far as the first homestead is concerned. He asks for our comments on this question. He also requests to be informed of the Statutes or Orders in Council dealing with the question of the reservation of mines and minerals in homestead lands.

There seems no doubt but that the patent for this lot should properly have included the mines and minerals, at any rate in so far as the 160 acres comprised in the first homestead is concerned. The applications for entry as well as the applications

(over)

for patent are attached to file. As pointed out in the letter of the 15th instant to Mr.A.C.L.Adams, Private Secretary to the Minister of Trade and Commerce, persons who had acquired a right in lands in the territory now comprising the Province of Alberta prior to the 31st March,1887, were ordinarily entitled to have the mines and minerals included in their grants. Order in Council, P.C.1070, dated the 31st October,1887, governed the reservations to be made in patents for lands in the then Northwest Territories situate west of the Third Meridian. A copy of this Order is attached.

Any claim to the mineral rights which may be made by the present owner of the lot would, of course, be a matter for the consideration of the Provincial authorities.

Probably there would be no objection to advising Mr. Auxier, in reply to his present communication, that it appears from the records that the mines and minerals were improperly excepted in the patent for the lot, at any rate in so far as the 160 acres in the first homestead is concerned. At the same time he might be told that Order in Council,P.C.1070, dated the 31st October,1887, governed the reservations to be made in patents for lands situate west of the Third Meridian.

Incidentally it may be mentioned that a copy of the patent for the lot in question, along with copies of patents for certain other lands in the same settlement, was forwarded to the Department of Lands and Mines, Edmonton, on the 11th instant (file 276986).

Mr. Turner.

I agree that this question should go to the Province. It is quite out of our hands and I do not think we should express any opinion one way or the other. It is just as consistent with the facts that the minerals were properly excluded for some reason as that we made an error in drawing up the patent. Since a large number of the patents issued at that time did include the minerals it would seem rather more probable that if they were left out it was for a reason and not by way of error. There is a general rule that anything done by the Crown is presumed to be properly done and that any one asserting the contrary must prove that there was an error.

Gentlemen,

Re River lot 42, St. Albert Settlement.

Referring to your letter of the 19th ultimo on the subject of the mines and minerals in the above mentioned lot, I may say that, inasmuch as any interest of the Dominion in these un errights passed to the control of the Province with the transfer of the natural resources in 19.0, it is considered that any further information in this regard should properly be furnished by the Department of Lands and Mines, Edmonton. Accordingly we have forwarded our departmental file to the Provincial Department in order that it may be in possession of full information on the subject.

December 20th, 1944.

Gentlemen:

Re: River Lot 40, St. Albert Settlement.

Your inquiry on behalf of Mr. George W. Ryan in connection with the mines and minerals underlying the above land has been referred to me for attention.

In examining the Ottawa File covering this River Lot it is noted that the history of this land was fully outlined to you on the 15th of May, last, by Mr. J. Lorne Turner, excepting that due to the change in the Sturgeon River there was an additional patent issued according to a later plan of survey approved and confirmed at Ottawa in 1910 for 50 acres, which were sold to Joseph Howson of Edmonton. This patent was issued on the 4th day of February, 1913, and from which all mines and minerals were reserved.

With reference to the mines and minerals reserved from the patent issued to Antoine Blandion and dated the 23rd day of September, 1902, I may say that such mines and minerals were properly reserved by the Dominion Government in accordance with the policy of that Government and further, in reply to your letter of the 5th instant, that contrary to Mr. Ryan's belief the mines and minerals were never disposed of by the Dominion and under the Natural Resources agreement were transferred to the Province of Alberta.

If your client, Mr. Ryan, is interested in acquiring rights to these minerals, then may I suggest that he make application to Mr. H. H. Somerville, Assistant Superintendent of Mining Lands, who will consider his application in accordance with the rules and regulations governing the disposal of such rights. You are, of course, aware that the Province has not the power to issue patent to these minerals.

Yours very truly,

T. W. Dalkin,
Supt. Technical Division.

Dear Sir:

In your letter of the 5th of December, your file No. 5007/4947, you asked for information regarding the naturalization in Canada of Friedrich or Fred Rosin, who claimed to have homesteaded the S. ½ 23-30-16-4 4th Mer.

Mr. Fred Rosin obtained homestead entry for the S. E. ¼ 23-30-16-4 4th Mer., on the 10th of April, 1909. He stated that he was an American citizen and born in South Dakota. He also obtained entry for the N. E. ¼ as a pre-emption on the same day. Application for patent for the homestead was made on the 20th of December, 1913. In support of the application a certificate of naturalization as a British subject, dated the 17th of August 1912, was forwarded to the Department. The certificate was returned on the 9th of February, 1914, and homestead patent issued in the name of Fred Rosin on the 12th of March, 1914. Patent for the pre-emption quarter section issued on the 11th of May, 1925.

The N. ½ of the same section of land was entered for by John Rosin who is probably the father of Fred, although the relationship is not mentioned in our records. When applying for entry on the 10th of April, 1909, he stated that he was an American citizen, born in Odessa, Russia and

Mr. A. Poutter,
Chairman,
Seed Grain & Relief Adjustment Board,

Dear Sir:

Re: T. W. Goodbrand.
SW-25-8-10-East 4th Meridian.
Special Areas. Joint Relief.

In the years 1930 and 1932 this party obtained advances for joint relief in a total sum of one hundred and thirty-two dollars and twenty-five cents ($132.25) against which one repayment was made in a sum of twenty-four dollars ($24.00) leaving a balance outstanding with interest computed to March 31st, 1932 of two hundred and seven dollars and fifty-nine cents ($207.59).

As security for these advances a lien was filed on the above described land which, however, passed to the Crown in the Right of the Province under tax recovery proceedings. It is now listed as Provincial land.

The property affected is now administered by the Department of Lands & Mines of the Province and in common with other lands situated in the drouth areas leased at a nominal rental for grazing purposed to one of the few remaining settlers.

The whereabouts of the debtor are not known and there being no further security of any value I would recommend that the account be written off.

Provincial Seed Grain has already been cancelled in a sum of two hundred and eighty dollars and twenty-seven cents ($280.27).

Yours very truly,

W. Buchanan

Dear Sir:

Re: W. W. Goodbrand.
E½-25-28-10-West 4th Meridian.
Special Areas. Joint Relief.

In the years 1920 and 1922 this party obtained advances for Joint Relief in a total sum of one hundred and thirty-two dollars and twenty-five cents ($132.25) against which one repayment was made in a sum of twenty-four dollars ($24.00) leaving the balance outstanding with interest computed to March 31st, 1932 of two hundred and seven dollars and fifty-nine cents ($207.59).

As security for these advances a lien was filed on the above described land which, however, passed to the Crown in the Right of the Province under Tax Recovery Proceedings. It is now listed as Provincial land.

The property affected is now administered by the Department of Lands & Mines of the Province and in common with other lands situated in the drouth areas leased at a nominal rental for grazing purposed to one of the few remaining settlers.

The whereabouts of the debtor are not known and there being no further security of any value I would recommend that the account be written off.

Provincial Seed Grain has already been cancelled in a sum of two hundred and eighty dollars and twenty-seven cents ($280.27).

Yours very truly,

CHIEF COLLECTOR.

the time spent on active service would count as residence duties, and if so, could not he be considered in residence for thirty days, and his entry placed in good standing on account of his having been on active service since the first week of August, 1914.

If this could be done, I would have him send me the name of a Notary Public, or, if satisfactory to the Department, the name of his Colonel, and request that special authority be sent to the person named to take his application for patent, and return the same to the Agent at Calgary for completion.

When asking for this consideration, I feel that you should view it favourably, as I am satisfied that he has done his best to comply with the regulations. I am enclosing you a copy of a statement of the improvements which he has made on the land, which might be of some assistance to you in arriving at a decision in this matter.

Mr. Williamson was on the staff of the Bank at the time the war broke out, and, if patent can be issued for his pre-emption, I shall take it not only as a personal favour, but as a favour to a valued employee of the Bank.

Hon. W. J. Roche,
Minister of the Interior,
Ottawa.

Dear Sir,

I am acting for Mr. B. Y. Williamson, who has pre-emption entry for the N. W. ¼ of 23-33-12 W. 4th M., upon which he has paid two instalments. He has patent for his homestead, the N. E. ¼ of the same Section, and has been doing the necessary pre-emption duties on his patented homestead. In a letter sent from the Department, dated the 28th August, 1914, refs. 184,952 and 213,021, he was advised that if he went into residence and remained there for thirty days that the Department would be in a position to favourably consider the abandonment of the cancellation proceedings, and, having restored his entry to good standing, he could then complete his payments and make application for his patent. I was advised personally by the Department on the 23rd September, 1914, that the cancellation proceedings outstanding would be held in abeyance and his entry protected while he was on active service. I was under the impression that the cancellation proceedings had been abandoned, until looking over the correspondence in the matter, I found the Departmental letter to me mentioned.

Mr. Williamson is still in France on active service and is very desirous to secure patent for his pre-emption. I am ready to pay the amount due on the same and have him permitted to apply for patent, but, according to the Departmental laws, this cannot be done unless the cancellation proceedings are abandoned. I understand that the regulations provide that

the time

I would like to bring specially to your attention the fact that this case is only one of hundreds where men are at the Front and their cultivation has not been kept up.

I am not aware what the policy of the Government may be, but if it is desired to excuse any of these men from keeping up their cultivation duties, the rule should be applied so as to cover all those who had entries at the time of enlistment.

On the 1st September, 1914, Mr. Brown, the present correspondent, notified the Department that Williamson left for Valcartier on the 24th August, 1914, and had been appointed to P. Company, 90th Battalion and was on active service. His entry has since been protected.

Active service counts as residence, and, as the residence duties have presumably been completed, the only thing standing in the way of his making a successful application for patent provided, of course, he still owns his homestead is the fact that the cultivation has not been kept in good standing, as nothing appears to have been done in this regard since 1914. In view of his active service you might be willing to overlook the fact that he has not kept the land he has broken in proper shape, specially as he had 100 acres under cultivation in 1913, and as he could have successfully applied for patent then if he had been able to make the necessary payments.

If the cultivation duties he has performed could be accepted we could then find out from Mr. Brown if Williamson still owns his patented homestead, and also his present address and we could then authorize his Commanding Officer to take his evidence in support of an application for patent.

Mr. Brown expresses his willingness to complete the necessary payments.

If the patented homestead has been sold and all the duties were performed on such land he would have to crop fifty acres on the pre-emption and build a habitable house thereon.

A.J.F.

Ottawa, Ontario,

Memorandum:

N.W. 23-37-12 W. 4th M.
Pre-emption-E.Y.Williamson

Mr. J. C. Brown, Assistant Western Superintendent, Bank of Hamilton, Winnipeg, writes on behalf of this entrant, who is on active service at the Front and wishes to secure his patent as soon as possible.

Mr. Williamson secured his patent for his free homestead in June, 1913. We are not sure whether he still owns the land.

Form 55 hereunder shows the settlement duties he has performed in connection with both quarters.

It is claimed he spent $1500.00 on the land, and had hard luck with his crops and did not derive much benefit therefrom, and that in 1913 owing to lack of means he was forced to secure employment with the Bank of Hamilton to protect his wife and family.

Cancellation proceedings on behalf of E. H. Burrows were instituted on the 1st June, 1914, and are still outstanding.

(Williamson)

He was informed officially in August, 1914, that if he went into residence for thirty days proceedings could be abandoned and he could then apply for patent if he still make the requirement payments.

8th August, 1941

Dear Sir:

I have received your letter of August 2nd asking for information about your father, John Alexander Walsh, and have had the homestead records examined to see whether I could give you any assistance.

Mr. John Alexander Walsh, 42 years of age, a citizen of the U.S.A., obtained homestead entry for the N.E.¼ of Section 31, Township 3, Range 9, west of the 4th Meridian, on April 10th, 1909. He stated that he was born in Wisconsin, U.S.A., had been living in North Dakota and his previous occupation was policeman. He obtained pre-emption entry for the S.E.¼ of this section the same day. The pre-emption entry was cancelled in 1923 but patent was issued for the homestead. When applying for homestead patent, Mr. Walsh forwarded a certificate of naturalization as a British subject. The certificate was dated May 3rd, 1913 and was returned to him on August 7th, 1914.

Yours very truly,

J. Lorne Turner,
Registrar of Lands.

Sir,-

N.W.¼ Sec. 28-1 -10-W. 4th M.,
Homestead of John Knutson -
Patented 14th August, 1914.

In reply to your letter of the 2nd instant, I beg to say that the records here show that the Certificate of Naturalization of John Knutson, dated the 3rd June, 1914, was forwarded here for inspection in connection with his application for patent for the above described land and was returned to him at Carlstadt, Alberta on the 5th August, 1914. This Department has no information as to the number of the certificate.

As the Certificate of Naturalization was obtained prior to the 1st January, 1915, a copy thereof cannot be obtained and it will be necessary to apply to the Secretary of State, Naturalization Branch, at Ottawa, for another Certificate of Naturalization under Section 8, Chapter 27, 1 & 2 G. Dear Sir, Re John E. Knudsen R. - 77

I am assisting the above named man to obtain the Old Age Pension and in this respect require to prove his age.

Mr. Knudsen states that he obtained a patent on a homestead six miles from Carlstadt (now known as Alderson) Alberta in 1914 and I would appreciate advice as to the age given by him at that time.

Thanking you for your kind co-operation.

Dear Sir:

RE: N.W. 28-16-10-W.4th M.
John Knutson.
Your Ref.-John M. Knudsen, K - 77.

I have your letter of the 14th instant, and in reply I am to state that we have no record of one, John M. Knudsen ever having obtained patent for a parcel of Dominion Lands.

We have, however, record of one John Knutson of Carlstadt, Alberta, who filed on the above described land as a homestead at Medicine Hat, on the 19th April, 1911. When filing he stated that he was from Norway and gave his age as 42 years.

When making application for patent on the 6th June, 1914, he stated that he was 54 years of age. Obviously this is an error on the part of the person making his application for patent and should have read 44 years, however, the age as shown on that document is 54 years. In support of his application for patent he furnished a Certificate of Naturalization dated the 21st June, 1914. This document was returned to him by registered mail on the 5th August, 1914, to Carlstadt P.O., Alberta.

Yours very truly,

Mrs. J.C. Andersen,
37-6th St., N.E.,
Calgary, Alta.

Dear Madam:-

I have for acknowledgement your letter of the 7th of March, requesting information regarding the Naturalization Certificate of J.C. Andersen who, according to your letter, homesteaded the S.½ of section 34, Township 27, Range 15, west of the 4th Meridian.

In reply, I wish to inform you that our records show that a patent for the S.E. ¼ of 34-27-15-W.4th M., bearing date of the 14th of March, 1914, issued in the name of John C. Andersen and was forwarded to the Registrar, Land Titles Office, Calgary, Alberta. On the 31st of March, 1914, notice to this effect was forwarded to Mr. Anderson at Lone Butte, Alberta.

There is evidence in our files that Mr. Anderson made application for a pre-emption entry for the S.E.¼ of 34-27-15-W.4th M. but later filed a declaration of abandonment and the pre-emption entry was cancelled on the 14th of March, 1930.

We have no further record of the last described land as it passed to the control of the province with the transfer of the natural resources.

At the time Mr. Anderson made application for patent for the homestead he forwarded a Certificate of Naturalization as a British subject which had been issued to him on the 3rd of November, 1913. This document was returned to him at his address, Lone Butte, Alberta on the 5th of February, 1914.

If you require a certified copy of this Certificate of Naturalization, I would suggest that you make application to the Under Secretary of State, Naturalization Branch, Ottawa, Ontario,

2.....

who will be furnished with a copy of this correspondence and a copy of your letter.

Yours very truly,

T. . Cory,
Acting Registrar of Lands.

Dear Sir:

Re: S.E. 14-27-15-W4

This Department has an old account against the above noted land for advances of Seed Grain to John Claude Anderson in 1919 and 1920. We are anxious to bring our records up-to-date and if possible to settle this long outstanding account. It would assist us greatly if you would be kind enough to complete the attached form.

Re: Account of John Claude Anderson
S.W. 34-27-15-W4

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1919 and 1921 seed grain amounting to $150.00 was advanced to John Claude Anderson on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$ 150.00	$ 337.90	$ 487.90

The S.W. 34-27-15-W4 was formerly the homestead entry of John Claude Anderson on which security he obtained advances of seed grain in 1919 and 1921. His entry was later cancelled and it still remains unalienated Crown land held in the right of the Province.

In reply to our questionaire of the 12th of January 1952, J.H. Todrick, Supervisor, Special Areas, Department of Municipal Affairs, Province of Alberta, wrote as follows:-

"This parcel is unalienated crown land covered at present by a long term grazing lease issued by this department. This land is located in that part of the Province designated "Special Areas" and as such there is little likelihood of same ever being disposed of by sale or utilized for any pur ose other than grazing."

As the land no longer offers any security of value and is such that it cannot be used for farming purposes, it is recommended that the indebtedness be cancelled.

Re: Account of John Claude Anderson
[illegible]

The undersigned member of the Seed Grain Advisory Board, having taken into consideration the attached report, approves the settlement outlined therein and does hereby recommend:-

1. That the indebtedness, which is more particularly described in the attached report, be cancelled without the requirement of any payment.

I have received your letter of the 5th March and in reply I may say that at the time of making application for homestead entry for the S.E.¼ of 30-41-4-W 5th Mer., the above noted person failed to give his age. It is shown on his application that he was born in Michigan, U.S.A. and for a time resided in Montana.

Your File [illegible].

Dear Sirs:

In reply to your letter of the 10th December, and further to ours of the 12th March, I may say that according to our records, Mr. Bullis, at the time he made application for homestead entry, was a citizen of the United States.

It was not necessary for the applicant to be a British subject when he applied for homestead entry. In the application, if not a British Subject, he signified his intention of becoming a British Subject under the laws of Canada, but before patent could be issued in his name, evidence of British Nationality was required. In this case, the entry was cancelled and we have no information as to whether Mr. Bullis afterwards became naturalized or not.

Yours very truly,
